

# I'm a stranger

F/Gm

I'm a stranger  
In a cold world  
I'm a stranger  
And it hurts  
To see people passing by

People 're passing by,  
With no names  
Live 's a lie  
Love 's the same  
Let me fly high

I miss your smile  
Your warm body  
Next to mine  
So pretty close  
In a world of blue

Let me cry  
With wind and rain  
Brotherhood and friendship  
Are taking me home  
just so calm
