

I don't know how it feels

See a girl at the railwaystation
She's the girl I want to be with
Hold her hand at the railwaystation
She's the one I want to live with

I don't know how it feels
I don't know how it feels

A/H/E

To love a girl
To love a girl

See a daddy playing with his son
In the Sunday morning sun
They are laughing, they are playing
In the early morning sun

I don't know how it feels
I don't know how it feels
To be a father
To be a father

Se all the people crying
On a cold September day
Their friend is dying
on a cold September day

I don't know how it feels
I don't know how it feels
To die so early
To die so early

I don't know how it feels
I don't know how it feels
To be an human-being

To be an human-being
