

This is me

(lyrics: Deutsch, music: Deutsch)

Gm/F

I've learned to give
I've learned to get
I've never learned to forget
to wish the best for them all

I've learned to speak
in a soft voice
to help them to believe in themselves
but I've never learned to take

But this is me, and that is my love for you
But this is me, and these are the dreams
And there is something, hey I want to say to you
Something, by the way, I love you

I'm the one to talk to
I'm the one to cry to
I'm the one who holds their hands

Refrain:

I'm the one if they fell lonely
They can go to
But they leave when they feel well

Refrain
