

# Wah - Wah

(lyrics: Deutsch/music: Deutsch)

Intro

**Am/G/F/G**

Wasn't it that day  
When I was alone and depressed  
When you said in your way  
That I should get up  
Laying in my bed and dreaming  
Laying on the ground and screaming  
**Am/G/F/E**

Refrain:

**Dm/F/Am/G**

There was fire in her eyes  
There was fire in her eyes  
I want, I want to survive  
I want, I want to survive  
There was fire in her eyes

Wasn't I surprised  
When I saw the flowers growing  
When you showed me  
That a wind was blowing  
Laying in a field and dreaming  
Looking at a tree and living

Refrain:

Smiling with a rest  
Of cold cold memories  
I'm hoping the best  
For us liberty  
I believe in men  
I believe in men so hopefully

Refrain - langsamer Zwischenteil - Refrain
